Installation of Tire Tanks for Livestock Use

Monday, July 20, 2020
Program begins at 8 a.m.

Pleasant View Farms, LLC
Ernie and Steve Binder, Producers
986 260th Ave.
Hays, Kansas 67601
Directions: From Hays, drive 2 miles south on Hwy 183, and 1 mile east on Mt. Pleasant Road/260th Ave.

Contact: Stacie Minson
sedgett@ksu.edu or 785-769-3297

Be sure to stop in to see first-hand how to install a tire tank for livestock watering purposes. Experts will be available to answer questions about everything from materials to how to troubleshoot your own installation.

Can’t make it for the whole day? No problem! Stop in anytime!

Due to concerns about the spread of Covid-19, this event will follow Kansas State University guidelines. Our installation will take place outdoors, with social distancing in place. If social distancing is not possible, participants should wear a mask.
